

iTravelInsured®
CHOICE
CRUISE

You've packed your sunscreen and passport – don't forget your insurance! iTravelInsured Choice Cruise is a travel insurance plan built specifically for those setting sail. This plan includes the well-rounded coverage you expect from a traditional travel insurance plan, plus protections specific to cruises. iTravelInsured Choice Cruise is ideal for families, with a pricing model that can offer coverage for one child per each insured adult at no additional cost.

CUSTOMIZED FOR CRUISES

In addition to the many trip cancellation and interruption covered perils you have come to expect, Choice Cruise includes unique covered reasons for cruisers, including if excessive water levels or a cruise port closure end your trip. This plan also offers benefits that can offer compensation if mechanical issues, virus outbreaks, natural disasters, or major itinerary changes impact your ship.

ASSISTANCE ANYWHERE

Sick at sea? With this plan you have access to Teladoc, a telehealth service connecting you to board-certified medical professionals anytime, anywhere. Providers can help diagnose, treat and prescribe medication for non-emergency issues over the phone or through video chat. Choice Cruise also comes with IMG's 24/7 non-insurance travel assistance services. Our experts are trained to help in a crisis – from lost travel documents to emergency translations, medical referrals and much more.

Whether you're soaking up the sun on the lido deck or exploring the port of call, travel with Choice Cruise for global peace of mind.
